

Digital Learning Technologies

ROCKBRIDGE COUNTY PUBLIC SCHOOLS

Rockbridge County Public Schools provides the following digital technologies to all students and families to support student learning. This document highlights commonly used RCPS tools, but there are school-specific technologies available as well. If you have further questions and/or are in need of support for any RCPS digital technologies, feel free to contact the technology department at your child's school using this online help request form: bit.ly/rcpshelpdesk

Chromebook Tablets for Learning

- Each student is assigned a **Chromebook** device with the **Chrome** operating system.
- Applications installed on Chromebooks include a digital office suite (Google Suite) as well as many additional applications that support student learning.
- For more information, go to rockbridge.k12.va.us/Page/156

Digital Learning Access

- **Clever** is the web portal RCPS uses to give students and families quick access to many online learning resources.
- Your child's specific Clever Portal can be accessed from any device by visiting clever.com/in/rockbridgecountyschools
 - Select the "Login with Google" button.
 - If using a non-RCPS device, the student username and password may be required.
- For more information, visit clever.com/families

Digital Learning Platform

- One learning management system used in RCPS is **Google Classroom**.
- Google Classroom allows students anytime, anywhere access to teacher-delivered updates, materials, and assignments.
- Students can access Google Classroom using Clever or classroom.google.com
- For more information, go to edu.google.com/products/classroom/

NEW Digital Learning Platform

- A new learning management system used in RCPS is **Canvas**.
- Canvas allows students anytime, anywhere access to teacher-delivered updates, materials, and assignments.
- Virtual Virginia has provided online course content for most K-12 courses in RCPS.
- Students can access Canvas via their Clever Portal.
- For more information, go to sites.google.com/view/rcpsccanvas/

Virtual Classroom Meetings

- RCPS gives students secure access to **Google Meet** for virtual classroom meetings directly through teacher provided links.
- Google meet was chosen as it provides students videoconferencing technologies with focus on safety and privacy.
- For more information, visit gsuite.google.com/products/meet/

Computer Security

- Student internet access on RCPS-supplied devices is filtered through GoGuardian, a cloud-based filtering service that functions from any location.
- Students must use their secure RCPS username and password to log onto their assigned Chromebook to benefit from GoGuardian filtering.

Digital Learning Applications

- All K-12 students are provided with a RCPS Google Suite Enterprise account.
- **G Suite** is a set of cloud-based tools similar to Microsoft Office but created by Google, which students can use at school and home.
- Tools include Docs, Slides, Sheets, and more.
- Students access G Suite via their Clever Portal.
- For more information, visit bit.ly/rcpsgsuiteparentguide

Remind

- **Remind.com** is a communication platform that teachers may use to communicate with students and families through a secure SMS text system.
- Teachers who elect to use Remind will assist students who choose to opt-in to signing up for their class remind.com services.
- For more information visit remind.com/families

School Messenger

- **School Messenger** is the notification service used to communicate with families, students, and staff through voice, SMS text and email.
- School Messenger uses primary contact information from Tyler's Parent Portal.
- For more information visit go.schoolmessenger.com

SCHOOLMESSENGER®

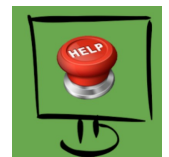

Student Information System

- **Tyler Parent Portal** gives families easy access to teacher recorded grades and attendance information.
- Contact your school to sign up for Parent Portal access.
- To login, go to sis-et.tylertech.com/RockbridgeVA_TSI_Live_360

Technology Support Help Desk

- If you have further questions and/or are in need of support for any RCPS digital technologies, feel free to contact the technology department at your child's school using this online help request form: bit.ly/rcpshelpdesk

Social Media Announcements

- Social media is often used by the division, schools, and RCPS learning organizations as a communication tool to support learning.
